**Footnotes:**

**Estate Tax:**

July 2015 report was updated on 8/21/2015 due to a late July transaction.  
 The Economic Growth and Tax Relief Reconciliation Act of 2001, phased out the state death tax credit over a four (4) year period beginning January 2002.  
 Effective January 1, 2005, the state death tax credit has been eliminated.  
 For decedents that die on or after January 1, 2005, there is no longer a requirement to file a California Estate Tax Return.  
 This revenue is generated by staff's review of the California tax return, typically from errors in calculating the tax amount, interest, and/or penalty,  
 an error in proration of estate tax credit between states, math errors, or comparison of IRS data shows failure to report accurate tax due to the state.  
 January's 2011 Estate Tax figure is from amended returns or reductions

**Inheritance Tax:**

For decedents that died on or prior to June 8, 1982, the SCO continues to collect the Inheritance Tax.  
 Revenue is generated from staff's review of 1) new tax returns, typically when an heir is attempting to sell real property  
 still in the name of the decedent who died prior to 1982 and 2) Review of existing account receivables and staff taking additional collection efforts.
