

**STEVE WESTLY**  
California State Controller

October 23, 2003

**To the Citizens, Governor, and Members  
of the Legislature of the State of California:**

**I** am pleased to submit the 55th edition of the *Streets and Roads Annual Report*. This report, which covers the fiscal year ended June 30, 2002, offers public officials and interested taxpayers useful information regarding funding for streets and roads expenditures throughout the state.

The figures and tables contained in this report reflect monies made available and expended for the construction and maintenance of California's vast network of streets and roads.

I wish to join with staff members of the Division of Accounting and Reporting and the Division of Audits in extending our sincere appreciation to the many local government officials who contributed to this report.

Sincerely,

A handwritten signature in black ink that reads "Steve Westly". The signature is written in a cursive, flowing style.

STEVE WESTLY  
California State Controller

# Introduction

California Streets and Highways Code Section 2151 requires each city and county to file with the State Controller's Office, on or before October 1 of each year, an annual report of expenditures for street or road purposes. Streets and Highways Code Section 2154 requires the California State Controller's Office to annually distribute a compilation of those reports. The financial tables presented in this report were prepared from data submitted by each city and county in its report.

Fifty-eight counties and 476 cities filed reports in compliance with Streets and Highways Code Section 2151. The city of Rolling Hills does not receive Highway Users Tax apportionments and therefore does not file an annual report with the State Controller's Office. With two exceptions, all cities and counties use a July 1 through June 30 fiscal year. The cities of South Lake Tahoe and Huntington Beach use an October 1 through September 30 fiscal year.

The *Accounting Standards and Procedures for Counties* manual, published by the State Controller's Office pursuant to Government Code Section 30200, requires counties to report on a modified accrual basis. Cities maintain their records on a cash basis or a modified accrual basis. With respect to entities using the modified accrual basis, the term "restricted balance" used throughout this report refers to the excess of current assets over current liabilities.

Monies made available to local agencies for street or road purposes are generally derived from federal, state, and local funds. Accordingly, this report lists all monies made available from such sources as: Highway Users Tax apportionments; district road taxes and special assessments; street, road, and bridge taxes; and proceeds from the sale of bonds restricted exclusively to expenditures on streets and roads.

In addition, some funds expended for street and road purposes are derived from sources other than the reporting agency's treasury. Table 14 lists street and road expenditures made by other governmental agencies and private parties. The expenditures presented in Table 14 are not included in the expenditure amounts of other tables in this report.

## City and County Summary

As shown in Figure 1, approximately \$4.93 billion was made available to California cities and counties for street and road purposes during the 2001-02 fiscal year, an increase of \$38 million (.8%) from the prior fiscal year.

**Figure 1**

**Monies Made Available to Cities and Counties**

Figure 2 illustrates the percentage of monies made available from state (31.1%), federal (8.6%), and local (60.3%) sources.

**Figure 2**

**Monies Made Available to Cities and Counties by Source**

Fiscal Year 2001-02

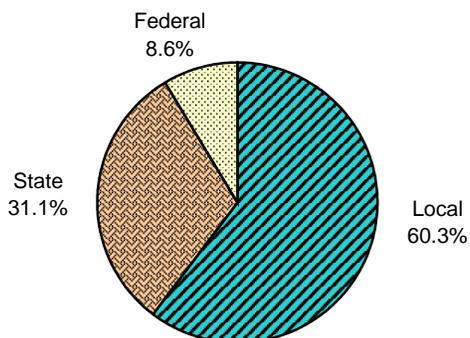

Figure 3 shows that cities received 75.2%, and counties received 24.8%, of total monies made available for street and road purposes.

**Figure 3**

**Monies Made Available to Cities and Counties**

Fiscal Year 2001-02

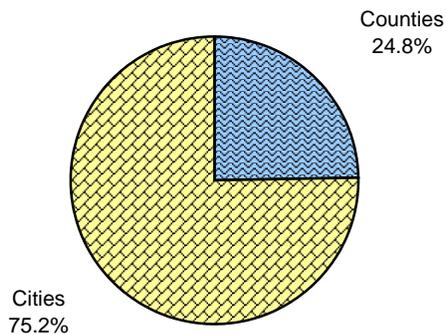

Figure 4 illustrates the changes in total monies made available from 1997-98 to 2001-02. During this period, total monies have increased by approximately \$1.2 billion (32.5%), state funding increased by \$350 million (29.6%), federal funding increased by \$157 million (59.2%), and local funding increased by \$700 million (30.8%). The local amount of total funds made available decreased from 61.0% to 60.3%.

Five-Year Summary  
(Amounts in thousands)

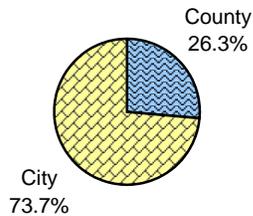

Sources of monies made available for cities and counties are summarized on pages x and xiv, respectively. Detailed amounts of monies made available for each city and county are presented in Tables 3, 4, 9, and 10.

## City and County Expenditures

**Figure 6**

### City and County Expenditures

Fiscal Year 2001-02

Cities and counties reported combined expenditures of \$5.0 billion, as shown in Figure 1. This is an increase of \$683 million (15.8%) over the 2000-01 fiscal year. Figure 6 illustrates that city expenditures represented 73.7% of the total, and county expenditures represented 26.3%.

Figure 7 provides a breakdown of expenditures by classification for the 2001-02 fiscal year. This figure shows that, of the total expenditures reported by cities and counties, 44.9% was expended for construction and rights of way, 41.5% for maintenance, 11.0% for engineering and administration, and 2.6% for other expenditures. "Construction" includes construction of streets and roads, signals, safety devices, streetlights, pedestrian ways, bike paths, and storm drains, as well as street reconstruction and storm damage repair. "Maintenance" includes: patching, overlay, and sealing; maintenance of streetlights and traffic signals; and snow removal and storm damage repair.

Total expenditures have increased by approximately \$1.5 billion (40.9%) since the 1997-98 fiscal year. Construction expenditures, which increased by \$701 million (45.4%), accounted for the majority of the increase in total expenditures. Expenditures for maintenance increased by \$547 million (35.7%). Administration and other expenditures increased by \$206 million (43.1%) during this period.

**Figure 7**

### Expenditures by Classification

Fiscal Year 2001-02

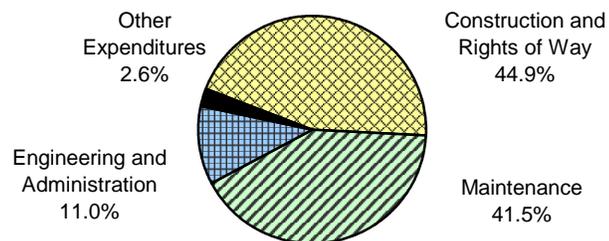

Figure 8 summarizes street and road expenditures by funding source. Streets and Highways Code Section 2105 and 2106 funds may be used for any street or road purpose. Section 2104 funds are restricted for county roads, Section 2107 funds are restricted for street purposes, and Section 2107.5 funds are restricted for city administration and engineering and, in special situations, for right-of-way acquisition and street system construction. Discretionary funding sources provided by cities and counties represent 25.3% of total expenditures. As referenced in Figure 8, nondiscretionary expenditures are those whose use is restricted, while discretionary expenditures are not restricted. County contributions made by counties to cities are for nondiscretionary purposes but are not included in the nondiscretionary total.

Expenditures by cities and counties are further summarized in Figures 14 and 20. Detailed expenditure figures for each city and county are presented in Tables 5, 6, 11, and 12.

## Snow Removal Expenditures

The State provides for reimbursement of a limited amount of snow removal costs incurred by local entities. Streets and Highways Code Section 2152(c) requires cities and counties to file a schedule of expenditures for snow removal. Fifty percent of a city's expenditures in excess of \$5,000 is reimbursable from state funds. As an example, the City of Truckee's report shows actual snow removal costs of \$1,687,681. The actual amount minus \$5,000 equals \$1,682,681; 50% of \$1,682,681 is \$841,341. Cities with less than \$5,000 in snow removal expenditures receive no reimbursement. There is no maximum reimbursement amount for cities.

Counties may claim 80% of their expenditures in excess of \$5,000. However, if the total of all county claims submitted exceeds \$7 million, the amount paid to each county is prorated using a formula based upon the claimed amounts submitted by all counties in the preceding three years.

Figure 10 shows the reimbursement amounts payable to those cities and counties reporting snow removal expenditures. Actual snow removal expenditures totaled \$16,188,389 for fiscal year 2001-02. City snow removal expenditures accounted for \$4.8 million and county snow removal expenditures accounted for \$11.4 million of the total \$16.2 million reported. The details for snow removal expenditures reported by cities and counties are listed under "Maintenance" in Table 5 and Table 11, respectively.

## City Summary

### Monies Made Available to Cities

A total of \$3.7 billion was made available to California cities for street purposes during the 2001-02 fiscal year, an increase of approximately \$163 million (4.6%) from the prior fiscal year.

Figures 11 and 12 present a summary of these monies by source. Details for each city are presented in Tables 3 and 4. Figure 13 illustrates the changes in monies made available from the 1997-98 fiscal year to the 2001-02 fiscal year. During this period, total monies made available increased by approximately \$962 million (42.0%).

**Figure 11**

Five-Year Summary  
(Amounts in thousands)

## City Expenditures

Expenditures related to building or maintaining city streets during the 2001-02 fiscal year totaled \$3.7 billion, an increase of approximately \$487 million (15.2%) from the 2000-01 fiscal year.

Figures 14 and 15 present a summary of city street-purpose expenditures by classification. Details for each city are provided in Tables 5 and 6. Figure 16 illustrates the period from 1997-98 to 2001-02. During this period, total expenditures have increased by approximately \$1.1 billion (42.0%).

(Amounts in thousands)

## County Summary

### Monies Made Available to Counties

During the 2001-02 fiscal year, California counties received a total of \$1.2 billion for road purposes, a decrease of \$125 million (9.3%) from the 2000-01 fiscal year, as presented in Figure 17. The amount reported represents deposits into the various road-purpose funds of the counties. Figures 18 and 19 present monies made available to California counties by source.

<sup>1</sup> Los Angeles County is the only county that reported Flexible Congestion Relief and Traffic Systems Management monies.

Monies made available for county road purposes came from state, federal, and local sources, with state funding being the major source. Funds allocated from the Highway Users Tax provided most of the state funding.

**Figure 18**

**Monies Made Available to Counties by Source**

Fiscal Year 2001-02

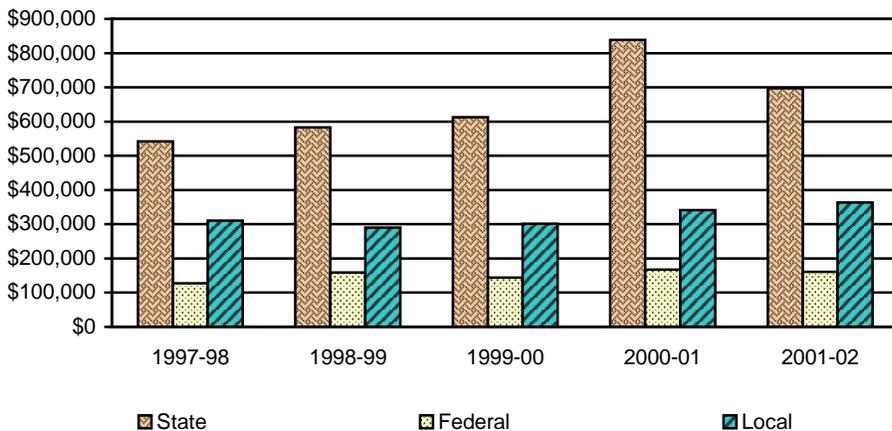

Over the past five years, state sources of monies made available for county road purposes has varied from 55% to 62%. Local sources has varied from 25% to 32%.

**Figure 19**

**Monies Made Available to Counties by Source**

Five-Year Summary  
(Amounts in thousands)

**County Expenditures**

Expenditures for county roads for the 2001-02 fiscal year totaled \$1.3 billion, an increase of \$196 million (17.5%) from the prior year. Figures 20 and 21 present a summary of road-purpose expenditures by classification. Details for each county are provided in Tables 11 and 12. Figure 22 illustrates the changes in expenditures from the 1997-98 fiscal year to the 2001-02 fiscal year. During this period, total expenditures have increased by approximately \$358 million (37.4%).
