In accordance with Government Code (GC) sections 17560 and 17561, eligible claimants may submit claims to the State Controller’s Office (SCO) for reimbursement of costs incurred for state-mandated cost programs. This document contains claiming instructions and forms that eligible claimants must use for filing claims for the Pupil Health Screenings program. SCO issues these claiming instructions subsequent to the Commission on State Mandates (CSM) adopting the program’s Parameters and Guidelines (Ps & Gs). The Ps & Gs are included as an integral part of the claiming instructions.

On May 26, 1994, the CSM adopted its Statement of Decision finding that Health and Safety Code (HSC) section 324.2 (now 124100), as added by Statutes 1976, Chapter 1208, and amended by Statutes 1991, Chapter 373; and HSC section 324.3 (now 124105), as added by Statutes 1991, Chapter 373, and amended by Statutes 1992, Chapter 759, imposes a reimbursable state-mandated program on school districts within the meaning of article XIII B, section 6 of the California Constitution, for those school districts and county offices of education with kindergarten or first-grade pupil enrollments.

The original Ps & Gs for this program were adopted on November 17, 1994. CSM subsequently amended the Ps & Gs on December 9, 2004, to establish uniform cost allowances. Therefore, beginning with reimbursement claims filed for fiscal year 2004-05 and beyond, actual costs for the reimbursable activities must be claimed based on the uniform cost allowances adopted by CSM pursuant to GC section 17557. The uniform cost allowances will be adjusted each subsequent year by the implicit price deflator (IPD).

**Exception**

There will be no reimbursement for any period in which the Legislature has suspended the operation of a mandate pursuant to state law.

**Eligible Claimants**

With the exception of community colleges, any school district, as defined in GC section 17519, that incurs increased costs as a result of this mandate, is eligible to claim for reimbursement. Charter schools and block grant recipients are not eligible to claim for reimbursement.

**Reimbursement Claim Deadline**

Annual reimbursement claims for the 2016-17 fiscal year may be filed by **February 15, 2018**, without a late penalty. **Claims filed more than one year after the filing date will not be accepted.**

**Penalty**

- **Initial Reimbursement Claims**
  
  When filed within one year of the initial filing deadline, claims are assessed a late penalty of 10% of the total amount of the initial claim without limitation pursuant to GC section 17561(d)(3).
• **Annual Reimbursement Claims**

  When filed within one year of the annual filing deadline, claims are assessed a late penalty of 10% of the claim amount, not to exceed $10,000, pursuant to GC section 17568.

**Minimum Claim Cost**

GC section 17564(a), states that no claim may be filed pursuant to sections 17551 and 17561, unless such a claim exceeds one thousand dollars ($1,000), provided that a county superintendent of schools may submit a combined claim on behalf of school districts within their county if the combined claim exceeds $1,000, even if the individual school district’s claim does not each exceed $1,000. If the total costs for a given fiscal year do not exceed $1,000, no reimbursement will be allowed except as otherwise allowed by GC section 17564. The county superintendent of schools will determine if the submission of the combined claim is economically feasible and be responsible for disbursing the funds to each school district. These combined claims may be filed only when the county superintendent of schools is the fiscal agent for the districts. A combined claim must show the individual claim costs for each eligible school district. All subsequent claims based upon the same mandate must be filed in the combined form only unless a school district provides a written notice of its intent to file a separate claim to the county superintendent of schools and to SCO at least 180 days prior to the deadline for filing the claim.

**Reimbursement of Claims**

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. These costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating: “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5.

Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, these documents cannot be substituted for source documents.

**Audit of Costs**

All claims submitted to SCO are subject to review to determine if costs are related to the mandate, are reasonable and not excessive, and if the claim was prepared in accordance with the SCO’s claiming instructions and the Ps & Gs adopted by CSM. If any adjustments are made to a claim, the claimant will be notified of the amount adjusted, and the reason for the adjustment.

On-site audits will be conducted by SCO as deemed necessary. Pursuant to GC section 17558.5(a), a reimbursement claim for actual costs filed by a claimant is subject to audit by SCO no later than three years after the date the actual reimbursement claim was filed or last
amended, whichever is later. However, if no funds were appropriated or no payment was made to a claimant for the program for the fiscal year for which the claim was filed, the time for SCO to initiate an audit will commence to run from the date of initial payment of the claim.

All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. Supporting documents must be made available to SCO on request.

**Record Retention**

All documentation to support actual costs claimed must be retained for a period of three years after the date the claim was filed or last amended, whichever is later. If no funds were appropriated or no payment was made at the time the claim was filed, the time for SCO to initiate an audit will be from the date of initial payment of the claim. Therefore, all documentation to support actual costs claimed must be retained for the same period, and must be made available to SCO on request.

**Claim Submission**

Submit a signed original Form FAM-27 and one copy with required documents. **Please sign the Form FAM-27 in blue ink and attach the copy to the top of the claim package.**

Mandated costs claiming instructions and forms are available online at the SCO’s website: [www.sco.ca.gov/ard_mancost.html](http://www.sco.ca.gov/ard_mancost.html).

Pupil Health Screenings (01-PGA-09)
Clovis Unified School District, Requestor
For Fiscal Year 2004-2005 and Subsequent Years

I. SUMMARY OF THE MANDATE
The Commission on State Mandates (Commission) adopted its Statement of Decision on May 26, 1994, finding that Health and Safety Code section 324.2 (now 124100), as added by Statutes 1976, chapter 1208, and amended by Statutes 1991, chapter 373; and Health and Safety Code section 324.3 (now 124105), as added by Statutes 1991, chapter 373, and amended by Statutes 1992, chapter 759, impose a new program or higher level of service within the meaning of article XIII B, section 6 of the California Constitution, for those school districts and county offices of education with kindergarten or first-grade pupil enrollments.

The Commission determined that the following provisions of Health and Safety Code sections 324.2 and 324.3 established costs mandated by the state pursuant to Government Code section 17514, by requiring school districts to:

1. Notify the parents or guardians of enrolled kindergarten students of the availability of CHDPP services and to notify parents or guardians of kindergarten and first-grade pupils upon enrollment of their responsibilities relative to Health and Safety Code section 323.5 (and such notification should be in conjunction with the notification regarding immunizations).

2. Contact the parent or guardian of first-grade pupils to obtain their compliance with the requirements of Health and Safety Code section 323.5.

3. Exclude first-grade pupils, not otherwise exempted from exclusion, for up to five days if the pupil’s parent or guardian fails to provide a health screening certificate or waiver.

4. Report compliance results and statistics to other government agencies.

The Commission determined that the following provisions of Health and Safety Code Sections 324.2 and 324.3 did not establish costs mandated by the state pursuant to Government Code section 17514:

\(^1\) Renumbered by Statutes 1995, chapter 415.
(1) Any average-daily-attendance penalty assessed by the Superintendent of Public Instruction pursuant to Health and Safety Code section 324.2.

(2) The lose of average-daily-attendance funds by operation of the Education Code as a result of excluding pupils from school for failure to provide a health screening certificate or waiver.

(3) Contacting the parent or guardian of first-grade pupils in order to exempt from exclusion from school (pursuant to Health and Safety Code section 324.3, subdivision (e)) those first-grade pupils from family situations of great disfunction or disruption that makes compliance unlikely.

II. ELIGIBLE CLAIMANTS

Any "school district," as defined in Government Code section 17519, except for community colleges, which incurs increased costs as a result of this mandate is eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557, prior to its amendment by Statutes 1998, chapter 681 (effective September 22, 1998), provided that a test claim must be submitted on or before December 31 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed on December 2, 1993, therefore all mandated costs incurred on or after July 1, 1992, for implementation of Health and Safety Code sections 324.2 (now 124100) and 324.3 (now 124105) are reimbursable.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d)(1), all claims for reimbursement of initial years' costs shall be submitted within 120 days of notification by the State Controller of the enactment of the claims bill.

For initial claims and annual claims filed prior to September 30, 2002, including amendments thereof, if the total costs for a given fiscal year do not exceed $200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564. For initial claims and annual claims filed on or after September 30, 2002, if the total costs for a given fiscal year do not exceed $1000, no reimbursement shall be allowed except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, and receipts.
Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, and declarations. Declarations must include a certification or declaration stating, “I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct,” and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

A. Notification to Parents

Preparation of a form letter and issuance, or other reasonable method of communication, for the purpose of notifying each parent or guardian, upon their child's enrollment in kindergarten or first grade, of their obligation to obtain a pupil health screening and to encourage them to obtain the screening simultaneously with required immunizations, and inform them about the services available from the county Child Health and Disabilities Prevention Program.

B. Obtaining Parental Compliance

Contacting the parents or guardian of first grade pupils by telephone or in writing, in absence of a response to the initial notice, to obtain either a certificate of health screening or a written waiver signed by the pupil's parent or guardian.

C. Exclusion of Pupils

To exclude from attendance for up to five school days, beginning the 91st calendar day after entrance to the first grade, any first-grade pupil that lacks a health screening or waiver of the health screening signed by a parent or guardian. Costs incurred for contacting parents or guardians to exempt first-grade pupils from exclusion from school are not reimbursable.

D. Statistical Reporting (Reimbursement period ends December 31, 2004)

To report annually to specified county and state agencies: the number of pupils enrolled in the first-grade, the number who have received a health screening examination, and the number of children for which waivers of examination have been received. See section VII. regarding offsetting reimbursement.
V. CLAIM PREPARATION AND SUBMISSION

Each claimed reimbursable cost must be supported by source documentation as described in section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Uniform Cost Allowances

Uniform cost allowances cover all the direct and indirect costs of performing the activities described in section IV. Direct costs are those costs incurred specifically for the reimbursable activities. Indirect costs are costs that are incurred for a common or joint purpose, benefiting more than one program, and are not directly assignable to a particular department or program without efforts disproportionate to the result achieved. Indirect costs may include both (1) overhead costs of the unit performing the mandate; and (2) the costs of the central government services distributed to the other departments based on a systematic and rational basis through a cost allocation plan.

Beginning with reimbursement claims filed for fiscal year 2004-2005 and beyond, actual costs for reimbursable activities IV. A. through IV. D. shall be claimed based on the uniform cost allowances adopted by the Commission pursuant to Government Code section 17557. The uniform cost allowances shall be adjusted each subsequent year by the Implicit Price Deflator referenced in Government Code section 17523.

• Reimbursement for IV. A. is determined by multiplying the uniform cost allowance for the appropriate fiscal year by the **number of notifications issued**.

• Reimbursement for IV. B. is determined by multiplying the uniform cost allowance for the appropriate fiscal year by the **number of children enrolled in kindergarten or first grade whose parents were contacted to obtain certificates of health screening or waivers**.

• Reimbursement for IV. C. is determined by multiplying the uniform cost allowance for the appropriate fiscal year by the **number of first-grade pupils excluded from school**.

• Reimbursement for IV. D. is determined by multiplying the uniform cost allowance for the appropriate fiscal year by the **number of first-time enrolled kindergarten and first grade pupils**. (Reimbursement period ends December 31, 2004.)

The Commission has not identified any circumstances that would cause an eligible claimant to incur additional costs to perform the reimbursable activities listed in section IV. of these parameters and guidelines, which have not already been incorporated in the uniform allowance. Eligible claimants incurring any such costs within the scope of the reimbursable activities may submit a request to amend the parameters and guidelines to the Commission for such costs to be...
approved for reimbursement, subject to the provisions of California Code of Regulations, title 2, section 1183.2.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter\(^2\) is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING SAVINGS AND REIMBURSEMENTS

Any offsetting savings the claimant experiences in the same program as a result of the same statutes or executive orders found to contain the mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to, service fees collected, federal funds, and other state funds, shall be identified and deducted from this claim. The Commission has specifically identified as offsetting reimbursement applicable to the Statistical Reporting activity (Item IV. D.) the amount of one dollar per first-grade pupil that school districts are currently receiving from the State Department of Health Services.

VIII. STATE CONTROLLER’S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the statute or executive order creating the mandate and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

\(^2\) This refers to Title 2, division 4, part 7, chapter 4 of the Government Code.
In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (a), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
