Dear Commissioners:

The State Controller's Office analyzed the financial documentation supporting the California Lottery's (Lottery) transfer of funds to the public education community for the quarter ended December 31, 2014. Our analysis found that the transfer amount of \$348,468,040 appears to be supported by the Lottery's accounting records and that the Lottery is on target to comply with the annual statutory percentages for prizes, education, and administration.

If you have any questions, please call Andrew Finlayson, Chief, State Agency Audits Bureau, at (916) 324-6310.

Sincerely,

# Report of Analysis

## Introduction

This report presents the results of our analysis of the Lottery's quarterly request that the SCO transfer funds to the public education community. This analysis is part of our responsibility under the California State Lottery Act (Lottery Act). We performed this analysis to determine whether the transfer amount to the public education community was supported by amounts recorded in the Lottery's accounting records and to determine whether the Lottery is on target to comply with the annual Lottery Education Fund allocation requirements contained in the Lottery Act.

## Summary

In a letter dated February 13, 2015, the California Lottery (Lottery) requested that the State Controller's Office (SCO) transfer \$348,468,040 to the Lottery Education Fund for disbursement to the public education community. Our analysis found that the transfer amount appears to be supported by the Lottery's accounting records and that the Lottery is on target to comply with the annual statutory percentages for prizes, education, and administration.

On March 30, 2015, the SCO transferred \$348,468,040 to the Lottery Education Fund. These funds were allocated and disbursed to the public education community. Due to the SCO's apportionment process, an immaterial balance will remain in the Lottery Education Fund to be apportioned during the next quarterly transfer.

## Background

In 1984, California voters passed an initiative that authorized a state-operated lottery. The initiative created the Lottery Act, which requires the quarterly transfer of net revenues to the public education community and established the allocation percentages for lottery funds. The Lottery Act also requires the SCO to conduct quarterly and annual post-audits of all accounts and transactions of the California Lottery Commission and other special post-audits as the State Controller deems necessary.

The Lottery Act was amended by Assembly Bill 142 on April 8, 2010. The bill was an urgency statute that went into effect immediately. Assembly Bill 142 requires revenues from the Lottery to be allocated to maximize the amount of funding allocated to the public education community. The bill requires that not less than 87% of the total annual revenues from Lottery ticket sales be returned to the public in the form of prizes and funds to education, and not more than 13% be allocated for Lottery expenses. The bill specified that not less than 50% of the total annual Lottery revenues, in an amount to be determined by the Lottery Commission, be returned to the public in the form of prizes. In addition, the bill requires that the Lottery Commission establish the percentages to be allocated to the benefit of public education.

Each quarter, the Lottery requests that the SCO transfer net revenues to the public education community (see Attachment). The Lottery's request usually occurs eight to ten weeks after the close of the quarter.

## Objectives, Scope, and Methodology

We performed this analysis of the transfer of funds to the public education community for the quarter ended December 31, 2014 in order to determine whether:

- The Lottery's requested transfer amount of \$348,468,040 is supported by accounting records; and
- The Lottery is on target to comply with the annual allocation requirements specified in the Lottery Act.

As part of our analysis, we traced the transfer amount to the Lottery's accounting records and applied analytical review procedures to Lottery fund accounts by comparing them with those from the prior year.

## Results

On March 30, 2015, the SCO transferred \$348,468,040 to the Lottery Education Fund. These funds were allocated and disbursed to the public education community. Due to the SCO's apportionment process, an immaterial balance will remain in the Lottery Education Fund to be apportioned during the next quarterly transfer.

After analyzing the Lottery's unaudited financial statements and supporting records for the quarter ended December 31, 2014, we determined that the Lottery's requested transfer amount of \$348,468,040 to the Lottery Education Fund appears to be supported by accounting records.

For the quarter ended December 31, 2014, of the total revenues from ticket sales:

- 63.08% was returned to the public in the form of prizes;
- 24.78% was transferred to the public education community; and
- 12.15% was used for administrative expenses.

The Lottery returned 87.85% of the total revenues from the sales of tickets to the public in the form of prizes and funds to education. The Lottery is on target to comply the annual allocation requirements specified in the Lottery Act. See Schedule 1 for a summary of Lottery transfers and allocation percentages.

### Annual Statutory Revenue Allocation Percentage Requirements

Prizes – Not less than 50% of sales  
 Administrative expenses – Not more than 13% of sales  
 Prizes and funds to education – Not less than 87% of sales  
 Other income – 100% to education

<sup>1</sup> Statutory compliance is determined on an annual basis at fiscal year-end. The percentages displayed in quarters 1, 2, and 3 are presented to show the Lottery's year-to-date progress toward meeting annual statutory requirements.

<sup>2</sup> Miscellaneous income includes SMIF interest earned, unclaimed prizes, and other income.

<sup>3</sup> This amount was withheld from the fourth quarter transfer and was adjusted in the subsequent quarterly transfer, pending the financial statement audit and resolution of accounting issues.

<sup>4</sup> This amount was withheld from the previous quarterly transfer and was included in this quarter's transfer after the completion of the financial statement audit and resolution of accounting issues.

<sup>5</sup> The Education Fund allocation amount is sales plus miscellaneous income, plus the adjustment amount, less prizes, and less administrative expenses.
