THE COVER

The new bridge across the Colorado River at Needles is a modern 560' long five-span concrete girder structure with a 40' roadway between barrier railings and a 5' pedestrian walkway on one side. This structure, completed in August 1978, replaced a one-lane 14' wide deck truss Bailey Bridge with timber bents which was built in 1952 as a temporary equipment crossing. The nearest alternate crossing of the river is the Interstate Route 40 crossing located 13 miles downstream at Topock.

The project, which is one-half in the City of Needles, California and one-half in Mohave County, Arizona, was administered by the County of San Bernardino. The $2,223,554 cost of construction was funded from a combination of sources including the Bureau of Indian Affairs, Federal Bridge Replacement funds allocated by the states of Arizona and California, Federal Aid Secondary funds, California State Matching and Exchange funds, and from local funds contributed by San Bernardino County and Mohave County.

FOREWORD

This is the THIRTY–FOURTH publication of the Annual Report of Financial Transactions concerning Streets and Roads of Cities and Counties of California.

Approximately one billion 369 million dollars was spent during this fiscal year on streets and roads. The charts and tables contained in this publication continue to reflect increases in monies made available and expended for construction and maintenance of our vast network of streets and roads.

We extend our sincere appreciation to the many officials of local governments for their contributions to this report.

INTRODUCTION

The various tables of this report were prepared by the Division of Local Government Fiscal Affairs of the State Controller's Office from data contained in reports filed by the Cities and Counties under the provisions of Sections 2151 to 2154 of the Streets and Highways Code. These Sections require each city and county to file an annual report of expenditures for street or road purposes. This report is due in the State Controller's Office on or before October 1 following the close of the fiscal year.

In accordance with the requirements, 58 counties and 424 cities filed reports. There were four new cities incorporated during the fiscal year 1980–81. These cities were Big Bear Lake, incorporated November 24, 1980, Clearlake, incorporated November 14, 1980, Poway, incorporated November 26, 1980, and Santee incorporated November 26, 1980. There are 426 incorporated cities, two of which, Hidden Hills and Rolling Hills, contain no public streets and receive no apportionments from the Highway Users Tax Fund, therefore, are not required to file a report.

All counties are required by the Government Code to report expenditures on an accrual basis. Cities may maintain their records on a cash system, accrual system or modification of these.

Most of the medium and small cities report on a cash basis. Many of the larger cities and some medium ones report on an accrual basis. With respect to those on an accrual basis, the term "restricted balance" used throughout this publication should be considered as the excess of current assets over current liabilities.

The monies made available to local agencies for street or road purposes are derived from Federal, State and Local Funds. Accordingly, this report contains all monies made available from such revenue sources as gas tax apportionments, district road taxes, special assessments, street, road, or bridge taxes and proceeds from sale of bonds restricted exclusively to expenditure on streets and roads. Where monies received were available for expenditure on streets and roads, but not restricted to these expenditures, such monies are reported only to the extent of actual expenditure during the 1980–81 fiscal year.

Table 14 is the exception to the above statement. This table reflects street or road purpose expenditures from other than the treasury of the reporting agency and records expenditures by other governmental agencies or private parties. The expenditures set forth in this table are not included in the other tables of this report.

With the schedules and charts for the five–year period July 1, 1976 through June 30, 1981, included herein, this Report with those preceding it provides interesting and informative data regarding the improvement of Streets and Roads in California.

CITY AND COUNTY SUMMARY

The schedule below summarizes street and road transactions during the 1980–81 fiscal year and the balances of restricted funds available for that purpose as of June 30, 1981. Details are shown in various tables of this report.

[1] Amounts eliminated represent contributions from Counties to Cities. Since the reporting agencies are required to report all the expenditures made on their streets or roads, the contributions received by the cities will be reflected in their reports of expenditures. Thus, to avoid duplication, the contributions should not be considered as a part of the grand total of expenditures made for street or road purposes of the agencies making the contributions.

City and County Expenditures

Cities and counties reported combined expenditures of $1,368,544,688 for street and road purposes during the 1980–81 fiscal year. This is an increase of $129,903,261 over the previous fiscal year. Subsequent pages of this summary give the major classes of street and road expenditures and show pertinent amounts together with applicable percentages.

Work performance by one governmental agency on another agency's street or road system are not reflected in the above expenditure amount. Details of these expenditures, which reflected an increase of $67,853,511 over the previous year, are shown in Table 14.

Chart 1 shows combined city and county expenditures for streets and roads during each of the last five years.

Monies Made Available to Cities and Counties

A total of $1,398,267,231 was made available for street and road purposes during the 1980–81 fiscal year. This represents an increase of $170,163,061 over the 1979–80 fiscal year.

The following schedule shows the monies made available and the sources during the past five years.

CITY SUMMARY

City Expenditures

Street purpose expenditures by the cities during the 1980–81 fiscal year amounted to $930,286,214. This total represents an increase over the 1979–80 fiscal year of $140,696,100. Work performed by other governmental agencies on the city's street system decreased from $31,326,481 in the 1979–80 fiscal year to $21,966,705 in the current year.

Street purpose expenditures by principal classification are shown in the following schedule. Details are given in Table 5 and Table 14.

COUNTY SUMMARY

General

The detail of expenditures by others on the reporting agency's road system are not included with the counties regular expenditures but are reported in Table 14.

County Expenditures

County road purpose expenditures for the 1980–81 fiscal year are reported as $438,258,474. Work Performed by Other Governmental Agencies totaling $8,103,373 is not included in the above figure. This year's expenditures are $10,792,839 less than last year.

The reported expenditures do not include county money deposited with the State Division of Highways for the county's share of the cost of Federal Aid Secondary and other state administered road projects. These deposits are part of the restricted balance until they are reported as expenditures in the fiscal year in which the determination is made as to the final cost and source of financing of the project.

The following schedule shows the total amounts expended during the 1980–81 fiscal year by the counties and by other governmental agencies on behalf of the counties. Details are included in Table 11 and Table 14.

Snow Removal Expenditures

Section 2152(c), Streets and Highways Code, requires all counties to file a schedule of expenditures for snow removal. Eighty percent of the amount in excess of $5,000 is reimbursable. The following tabulation shows the computed reimbursable costs of snow removal for those counties reporting such expenditures. Further, detail of actual snow removal expenditures is included in Table 11 under the maintenance category.
