To: All Agencies in the Uniform State Payroll System

From: Ralph Zentner, Chief  
Personnel/Payroll Operations Bureau

Re: EMPLOYMENT HISTORY ON-LINE SYSTEM AVAILABILITY

During October, two Employment History (EH) Database mass updates will occur to implement July 1, 1999 salary increases. The first EH mass update will occur on Saturday, October 2, 1999 and the second on Saturday, October 16, 1999.

Due to the updates, the EH On-line System may not be available on those Saturdays until approximately 11:00 a.m. If problems are encountered with the updates, the EH On-line System may not be available until later.
