**RE: NEW RETIREMENT ACCOUNT CODES FOR RANK AND FILE EMPLOYEES IN
BARGAINING UNITS 1, 3, 4, 11, 14, 15, 17, 20 AND 21**

The Department of Personnel Administration (DPA) announced in Personnel Management Liaison Memo 2010-030 dated November 10, 2010 that all rank and file employees in bargaining units 1, 3, 4, 11, 14, 15, 17, 20 and 21 are subject to a 3% retirement contribution increase effective November 2, 2010. Further, rank and file employees in these units first employed with the State on or after January 15, 2011 (i.e., no prior State service) are subject to higher employee retirement contributions and new benefit formulas based on their highest average salary during a 36-month consecutive period. New retirement account codes will be provided for newly hired employees in these units in a subsequent Personnel Letter. The on-line Industrial Disability Leave Supplementation (IDLS) and Paycheck calculators have been updated to reflect the new retirement contribution rates.

RETIREMENT RATE CHANGES

Retirement rates for rank and file employees in units 1, 3, 4, 11, 14, 15, 17, 20 and 21 were changed to the new rates listed below. The retirement rate changes were accomplished via an employment history mass update of 505 transactions with an effective date of November 2, 2010. The EH automated mass update occurred on November 9, 2010 to post 505 transactions. Turnaround Personnel Action Requests (PARs) (TAD) were issued from the update process and released on a flow basis. Some employees were not included in the automated mass update and are being manually processed by PPSD. Employees excluded from the mass update include those with an EH record reflecting an out-of-sequence status (i.e., the effective date on the most current transaction was after 11/2/2010). TAD PARs will be issued once the EH record is updated. Records updated after the November 2010 master payroll cutoff date of November 18, 2010 will result in the establishment of retirement arrears deductions. Every effort is being made to complete the manual updates in time for the November 2010 master payrolls.
