Re: Request for Commission review of the practices used by the Fillmore Unified School District (FUSD) on the Fillmore & Sierra High School Repave, Reseal and Re-Striping Project pursuant to Public Contract Code Section 22042.5

Dear Chair Nunan,

This letter serves as a formal request for a Commission review concerning the Fillmore Unified School District. We believe that they have violated the California Public Contract Code, Section 22034 by failing to follow informal bid procedures on the work associated with the Fillmore & Sierra High School Repave, Reseal and Re-Striping Project.

The aggregate value of the project exceeds the bid threshold established by the Commission. We request that the Commission review the District's practices pursuant to Section 22042.5 of the Public Contract Code listed below:

22042.5. The commission shall review practices of any participating public agency where an interested party presents evidence that the public agency is not in compliance with Section 22034.

Background:

Based upon the documents provided, the Fillmore Unified School District (**FUSD**) did not follow the bidding requirements as outlined in the California Uniform Construction Cost Accounting Act and Public Contract Code, Section 22034. It appears that District staff directly solicited three contracting firms to obtain quotes for the project's work. When CIFAC requested documents to verify the Districts bidding/noticing compliance for the project, the District did not provide any documentation or information as to how the projects were solicited, nor did they provide a copy of their informal bidders/qualified contractors list. After CIFAC's last request for this information, there was no further communication from the District. The District did have a general bidders list posted on

their website, (A copy is included) but that list did not include any of the three contracting firms that the District solicited quotes from. Two of the firms, Finish Line Paving and Andy's Precision Seal & Stripe submitted their proposals in August of 2023, yet BC Rincon Construction didn't submit their proposal until October 3, 2023, via email. It should also be noted that the District filed "two PWC-100 forms" with the DIR for projects at both Fillmore and Sierra High Schools, which are across the street from one another. The District's Assistant Superintendent, Ms. Andrea McNeill indicated in her email correspondence that this was actually one project, yet the two DIR PWC-100 forms are for different amounts. The Sierra H.S. form indicates it's for \$65,078.78, while the other one for Fillmore H.S. indicates it's for \$66,878.08. These are very specific amounts, but yet the documentation the District provided indicated that the project's actual cost was \$94,604.

The Construction Industry Force Account Council (CIFAC) is a non-profit organization that represents contractors, contractor associations and the various building trades. As such, we meet the definition of an "interested party" per Public Contract Code Section 22042.

We have mailed a copy of our complaint to the FUSD and have attached a copy of that letter for your records. The point of contact receiving this notice for the District is Ms. Andrea McNeill.

Please feel free to contact Michelle Pickens if you should have any questions regarding this complaint. We request that you notify us in writing of the findings of the Commission.

Sincerely,

Michelle Pickens, Executive Director

FINISH LINE PAVING, INC.

ALL TERMS AND CONDITIONS STATED HERE ARE BINDING PART OF THIS CONTRACT

Payment: It is understood that payment is due upon completion unless stated otherwise.

- 1) All material is guaranteed to be as specified or equal quality, and that all work shall be performed in a substantial workmanlike manner by Finish Line Paving.
- 2) The job site must be ready for Finish Line Paving to move into as scheduled by owner/representative. This includes, but is not limited to the following:
 - * Job site must be in same condition as bid. Any additional repairs, clean ups, any increase in square footage, or additional work not in original bid will result in additional charge.
 - * The work site shall be free from anything that would prevent Finish Line Paving's work to proceed upon our arrival.
 - * Any delays of our work will result in additional charge.
 - * All irrigation must be turned off (24) hours before our scheduled move in, and left off for (24) hours after our completion of work.
 - * It is the owners/representative responsibility to notify any tenants or other parties of Finish Line Paving's move in date and their responsibility to stay off the property. Any delay caused by your tenants will result in an additional move in charge.
 - * On removal and replacement of existing asphalt, if thickness is more than stated in the contract, you will be billed for the additional material for the thickness.
 - * If any base or subgrade problems occur, you will be billed for the additional labor, equipment, and material that is used to correct the subgrade problems.
- 3) Finish Line Paving shall not be responsible for the following unless stated in our contract:
 - * Any damage to underground utilities not set at correct depth, not shown on plans, or marked job site, to include gate, signal, safety loops.
 - * Any permits, licenses, fees, etc. unless stated in our contract.
 - * Any pavement sinking or setting resulting from others compaction, water erosion, improper grade, or any existing water problems, etc.
 - * On overlays Finish Line Paving is not responsible for drainage unless specified in our contract.
 - * Finish Line Paving is not responsible for cracks or blemishes in concrete work.
 - * On all seal projects material will not bind to oil saturated spots. Normal cleaning procedures do not include removal of oils.
 - * Any damage resulting from barricades removed or taken down prior to the times set forth in contract.
 - * Any damage to concrete, autos, shoes, clothes, or other things as a result of going onto the asphalt before it cures.
 - * Any damage that is not the result of negligence or willful misconduct of Finish Line Paving.
 - * Crack filling will settle and re-crack even though it is correctly applied. Cracks will show through slurry coating.
- 4) Finish Line Paving is not responsible for tire prints, power steering or scuff marks on asphalt or seal. This is a normal occurrence, with traffic they usually blend in a few days.
- 5) Owner/representative agrees to pay all court costs and reasonable attorney's fees in the event that this contract is turned over to an attorney for enforcement or collection and Finish Line Paving is the prevailing party.
- 6) Any invoice not paid upon completion or as stated in the contract will be subject to interest of 1.50% per month.
- 7) The owner/representative shall hold harmless Finish Line Paving from any and all claims whatsoever involving the property upon which work is performed, to include, property damage, bodily injury, death or any occurrence other than resulting from sole negligence or willful misconduct of Finish Line Paving.
- 8) The scheduling is subject to the availability of material.
- 9) Price good for 30 days unless stated otherwise.
- 10) State Contractors are regulated by the Contractors State License Board P.O. Box 26000 Sacramento, CA 95826.
- 11) Per California State Law a 20 day preliminary notice must be filed.

Re: Public Records Act request for documents related to:
Sierra H.S. Paving Project # 2024-003, Contract ID: R24-01022A
(BC Rincon Construction, contractor)

Dear Ms. McNeill,

The Construction Industry Force Account Council (CIFAC) is a construction industry supported organization dedicated to Public Contract Code compliance and education. We promote competitive bidding on public works construction projects by using a fair, transparent and objective process.

We have several questions concerning the above referenced project and require documentation from your agency for our review. Please provide the following documents or the legal authority under which you claim exemption:

1. Copies of project advertisement/noticing for bidding (Or, How procured)
2. Copies of contractor(s) estimate/proposal
3. Copy of contract between contractor(s) and District
4. Copies of all district Purchase Orders to contractor(s)
5. Copies of all change orders issued to contractor(s)
6. Copies of all invoices submitted by contractor(s)
7. Copies of all payments made to contractor(s) by district

Thank you for your prompt reply to this letter. We are requesting these documents per the California Public Records Act; Government Code 7900 et seq. and, therefore, will expect a reply by May 6, 2024. Please contact me should you have any questions at (805) 419-1543. *(Documents may be sent via electronic mail)*

Ms. McNeill,

Yes, I did see that the district solicited from three contractors. What I am asking though is to see a copy of the district's informal bidders list.

Thank you for your cooperation,

Good morning, Ms. McNeill,

Thank you for your previous response. In reviewing your email cover letter of April 25, 2024, you indicate that the Requisition Number R24-01022, AND the PO# F24-00977 are for the same project. (One

project) And according to the documentation you provided, Sierra High School at 615 Shiells Drive appears to be the location for the project. Thank you for the clarification.

As part of my original PRA request, can the District please provide the following:

1. Copy of the district's informal contractor's bidders list

Ms. McNeill

Thank you for your prompt response and CPRA documentation items 2 through 7 that were included. Missing however, is item #1 from my Public Records Request.

1. Copies of project advertisement/noticing for bids.

How were these projects solicited? Please provide copies of the District's actual bid quote solicitations.

Thank you,

Mr. Morelli,

In response to your two requests, please note that the items requested are the same project. On one request the Requisition Number R24-01022, appearing on the upper left, was cited and on the other PO# F24-00877, appearing in the middle toward the top of the page, was cited. Both references are on "Copy of Purchase Order & Change Order" attached to this email.

The two alternate bids were received from Finish Line Paving, Inc., and Andy's Precision Seal & Stripe, Inc. (APSS). Copies are attached for your reference.

Best Regards,

Andrea McNeill

Re: Request for Commission review of the practices used by the Fillmore Unified School District (FUSD) on the Fillmore & Sierra High School Repave, Reseal and Re-Striping Project pursuant to Public Contract Code Section 22042.5

Dear Ms. McNeill,

This letter shall serve as a formal notice to the Fillmore Unified School District (FUSD) that the Construction Industry Force Account Council (CIFAC) has requested a California Uniform Construction Cost Accounting Commission review of the Fillmore & Sierra High School Repave, Reseal and Re-Striping Project pursuant to Public Contract Code Section 22042.5, listed below.

22042.5. The commission shall review practices of any participating public agency where an interested party presents evidence that the public agency is not in compliance with Section 22034.

The aggregate value of the project was \$94,604.20 which exceeds the bid threshold established by the Commission. We believe that the project in question should have been let to bid per Public Contract Code Section 22034.

The Construction Industry Force Account Council (CIFAC) is a non-profit organization that represents contractors, contractor associations and the various building trades. As such, we meet the definition of an "interested party" per Public Contract Code Section 22042.

Sincerely,

Michelle Pickens
