On the same form under the supplemental Forms, Due To/From Other Funds Appropriations supplemental Form stated No activity to report but on Report 7, GL#1410 is listed therefore, supplemental form is required to submit. Notes/Errors

Report 5 did not agree with Report 15—there are two reversals of prior SCO corrections related to Prop 98 (2017 Ref 011 Prog 21 for $2,063,159.06, and 2016 Ref 011 Prog 21 for $3,081,097.14) included on Report 5, but not reflected on Report 15. These are for accruals made by SCO in the prior year which the agency did not record. These SCO accrual reversals should be reported on the Report 15 and then footnoted as a reconciling item between expenditures per SCO and expenditures per the agency.

#2: Cert. letter included report 1 for a NGC fund. The agency’s record showed no activity or any amount on the fund. However, SCO’s record showed the cash and fund balance. This issue was communicated last FY and agency should have contacted DOF to close the fund because the fund was not being used for long time.

The Certification Letter stated that Report 18 is submitted with fund 0001. I notified the agency that a separate Report 18 must be prepared for each fund within the agency, except for Fiduciary Funds. Additionally, capital assets of both proprietary and fiduciary fund types must be included in the fund reports. If there are no capital assets for a fund, note on the Certification Letter "no capital assets to report."
