# **Introductory Section**

## BETTY T. YEE California State Controller

March 30, 2021

To State Entities and their External Auditors:

I am pleased to submit the Report on the Schedule of OPEB Pay-As-You-Go Contributions, Schedule of OPEB Prefunding Contributions by Valuation Group, Schedule of Retiree Headcount by Valuation Group, and Schedule of OPEB Amounts by Valuation Group (schedules) for the agent multiple-employer defined benefit Other Postemployment Benefit (OPEB) plans of the State of California as of and for the fiscal year ended June 30, 2019. This report provides certain state entities and their external auditors with supporting information related to Governmental Accounting Standards Board Statement No. 75 (GASB No. 75), Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, as amended by certain elements of GASB Statement No. 85, Omnibus 2017.

The State Controller's Office is responsible for the preparation and fair presentation of the schedules in accordance with accounting principles generally accepted in the United States of America. The report provides users with reasonable assurance that the OPEB information presented in the schedules is fairly stated in accordance with GASB No. 75, as amended.

The information contained in this report is solely for the use of certain state entities and their external auditors and is not intended to be, and should not be, used by anyone other than those specified parties. However, under the Brown Act of 1953, the report is a matter of public record.

Sincerely,

Original signed by

BETTY T. YEE

# **Independent Auditor's Opinion**

## Independent Auditor's Report

## THE LEGISLATURE OF THE STATE OF CALIFORNIA AND THE CALIFORNIA STATE CONTROLLER'S OFFICE

We have audited the accompanying Schedule of OPEB Pay-As-You-Go Contributions, Schedule of OPEB Prefunding Contributions by Valuation Group, and Schedule of Retiree Headcount by Valuation Group for the Other Postemployment Benefits (OPEB) plans (the plans) of the State of California as of and for the year ended June 30, 2019, and the related notes. We have also audited the net OPEB liability, deferred outflows of resources, deferred inflows of resources, and total OPEB expense included in the accompanying Schedule of OPEB Amounts by Valuation Group for the plans as of and for the year ended June 30, 2019, and the related notes.

#### Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on the schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the OPEB pay-as-you-go contributions, the OPEB prefunding contributions, the retiree headcount, the net OPEB liability, deferred outflows of resources, deferred inflows of resources, and total OPEB expense for the plans as of and for the year ended June 30, 2019, in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matter**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, the financial statements of the State of California as of and for the year ended June 30, 2019, and our report thereon, dated October 23, 2020, expressed an unmodified opinion on those financial statements.

#### **Restriction on Use**

Our report is intended solely for the information and use of the California State Controller's Office; Gabriel, Roeder, Smith & Company; the plans' employers; and their auditors and is not intended to be, and should not be, used by anyone other than these specified parties.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2020 on our consideration of the State's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters for the fiscal year ended June 30, 2019. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and not to provide an opinion on the effectiveness of the State's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control over financial reporting and compliance.

CALIFORNIA STATE AUDITOR

MICHAEL S. TILDEN, CPA Deputy State Auditor Sacramento, California March 29, 2021

|  |                 |  |    |  |

\* The fiduciary net position as of June 30, 2018 for the valuation group was restated.

<sup>1</sup> This schedule does not include deferred outflows of resources for employer contributions made subsequent to the measurement date.

<sup>2</sup> This schedule does not include deferred outflows and inflows of resources for changes in the employers' proportionate share based on OPEB Contributions.

<sup>3</sup> Deferred outflows and inflows of resources related to differences between expected and actual experience and changes in assumptions are amortized over closed periods equal to the average expected remaining service lives for members of each valuation group.

<sup>4</sup> Deferred inflows of resources related to differences between projected and actual earnings on OPEB plan investments are netted and amortized over a closed five-year period.

<sup>5</sup> SEIU includes Bargaining Units 1,3,4,11,14,15,17,20, & 21.

# **Notes to the Schedules**

## **Notes to the Schedules**

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The State of California provides medical and prescription drug benefits to retired state employees and dependents through CalPERS under the Public Employees' Medical and Hospital Care Act, and dental benefits under the State Employees' Dental Care Act. The State, and certain bargaining units and judicial employees (valuation groups) have agreed to prefund retiree healthcare benefits. Assets are held in separate accounts by valuation group within the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer defined benefit other postemployment benefits plan administered by CalPERS. Assets within each valuation group benefit retirees and dependents associated with that valuation group.

The Schedule of OPEB Pay-As-You-Go Contributions presents the State's total pay-as-you-go costs, excluding the California State University valuation group. The Schedule of OPEB Prefunding Contributions by Valuation Group and the Schedule of OPEB Amounts by Valuation Group, which together with the Schedule of OPEB Pay-As-You-Go Contributions are referred to hereafter as schedules, present selected information for some of the State's 17 valuation groups. Accordingly, the information contained in the schedules does not purport to be a complete presentation of the fiduciary net position or the changes in fiduciary net position of all valuation groups. The schedules are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Such preparation requires the California State Controller's Office to make a number of estimates and assumptions related to the reported amounts and disclosures. Due to the inherent nature of these estimates, actual results could differ.

The Schedule of OPEB Amounts by Valuation Group does not include the following entity-specific OPEB amounts that may need to be recognized in accordance with GASB Statement No. 75: (1) deferred outflows of resources for employer contributions made subsequent to the measurement date, and (2) deferred outflows and inflows of resources for changes in the employers' proportionate share based on OPEB contributions.

### NOTE 2: OPEB CONTRIBUTIONS

The Schedule of OPEB Pay-As-You-Go Contributions and the Schedule of OPEB Prefunding Contributions by Valuation Group are prepared to provide state entities with information on OPEB employer contribution amounts. The Schedule of Retiree Headcount by Valuation Group is used to determine the distribution percentages for the pay-as-you-go contributions by valuation group. These amounts are used to calculate each state entity's proportionate share of OPEB amounts.

## NOTE 3: NET OPEB LIABILITY

The following table shows the components of the net OPEB liability by valuation group as of June 30, 2019 (amounts in thousands):

| Valuation Group  | Total OPEB<br>Liability  | Less:<br>Fiduciary<br>Net Position                                       | Net OPEB<br>Liability  |
|--|--|--|--|
| Service Employees International Union<br>(BUs 1,3,4,11,14,15,17,20, & 21).<br>Attorneys and Hearing Officers (BU2).<br>Protective Services and Public Safety (BU7).<br>Professional Engineers (BU9).<br>Professional Scientific (BU10).<br>Craft and Maintenance (BU12). | \$ 31,597,356<br>1,254,842<br>3,198,846<br>4,363,691<br>1,043,568<br>4,220,828 | \$ (151,612)<br>(33,800)<br>(72,366)<br>(84,788)<br>(23,658)<br>(63,867) | \$ 31,445,744<br>1,221,042<br>3,126,480<br>4,278,903<br>1,019,910<br>4,156,961 |

Detailed information about the state plans' fiduciary net position is available in a separate report issued by the California Public Employees' Retirement System (CalPERS) at www.CalPERS.ca.gov.

## NOTE 4: ACTUARIAL METHODS AND ASSUMPTIONS

For the measurement period ended June 30, 2019 (the measurement date), the total OPEB liability was based on the following actuarial methods and assumptions:

| Valuation Date:              | June 30, 2019  |
|------------------------------|--|
| Actuarial Cost Method:       | Entry age normal in accordance with the requirements of GASB Statement No. 75  |
| Actuarial Assumptions        |  |
| Discount Rate:               | Blended rate for each valuation group, consisting of 6.75%<br>when assets are available to pay benefits, otherwise<br>20-year Municipal G.O. Bond AA Index rate of 3.13%   |
| Inflation:                   | 2.25%  |
| Salary Increases:            | Varies by entry age and service  |
| Investment Rate of Return:   | 6.75%, net of OPEB plan investment expenses but without reduction for OPEB plan administrative expenses.   |
| Healthcare Cost Trend Rates: | Pre-Medicare coverage: Actual rates for 2020,<br>increasing to 7.50% in 2021, then decreasing 0.50% per year<br>to an ultimate rate of 4.50% for years 2027 through 2036, then<br>to 4.25% for 2037 and later years.<br>Post-Medicare coverage: Actual rates for 2020,<br>increasing to 7.50% in 2021, then decreasing 0.50% per year<br>to an ultimate rate of 4.50% for years 2027 through 2036, then<br>to 4.25% for 2037 and later years.<br>Dental coverage: 0.01% in 2020 and 4.50% for 2021 through<br>2036, then 4.25% thereafter. |
| Mortality Rate Table:        | Derived using CalPERS' membership data for all members   |

The mortality table used was developed based on CalPERS' specific data. The table includes 15 years of mortality improvements using the Society of Actuaries 90% Scale MP 2016. For more details on this table, refer to the 2017 *CalPERS Experience Study and Review of Actuarial Assumptions* report (Experience Study) for the period from 1997 to 2015. Other demographic assumptions used in the June 30, 2019 valuation were also based on the results of the Experience Study, including updates to termination, disability, and retirement rates. The Experience Study report is available at www.CalPERS.ca.gov.

Healthcare related assumptions such as plan participation, aging factors, adjustments for disabled members, and adjustments for children of current retirees and survivors are based on the State of California Retiree Health Benefits Program 2018 Experience Review performed by Gabriel, Roeder, Smith and Company (GRS) for the period from 2014 to 2018. Other healthcare assumptions such as member healthcare plan selection, coverage and continuance, select and ultimate healthcare cost trend rates, and per capita claim costs and expenses, are based on the most current information available. The GRS 2018 Experience Review is available at www.sco.ca.gov.

### NOTE 5: DISCOUNT RATE

The blended rates used to measure the June 30, 2019 total OPEB liability consist of the 20-year Municipal G.O. Bond AA Index rate of 3.13% as of June 30, 2019, as reported by Fidelity, when prefunding assets are not available to pay benefits, and 6.75% when prefunding assets are available to pay benefits. The cash flow projections used to calculate the blended discount rates were developed assuming that prefunding agreements in which actuarial determined normal costs are shared between employees and the State will continue and that the required contributions will be made on time and as scheduled in future years. The prefunding agreements are subject to collective bargaining and legislative approval. Detailed information on the blended discount rates by valuation group is available in the *State of California Retiree Health Benefits Program GASB Nos. 74 and 75 Actuarial Valuation Report as of June 30, 2019*, on the State Controller's Office website, at www.SCO.ca.gov.

The long-term expected rate of return on OPEB plan investments was determined by Gabriel, Roeder, Smith & Company using a building-block method in which expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. Expected compound (geometric) real returns were calculated over a closed period. Based on separate expected real returns for the short-term (first 10 years) and the long-term (11-40 years), and an average inflation assumption of 2.25%, a single expected nominal return rate of 6.75% was calculated for the combined short-term and long-term periods. If applied to expected cash flows during that period, the resulting present value of benefits is expected to be consistent with the present value of benefits that would be determined by applying the short and long-term expected rates to the same cash flows.

The following table reflects the long-term expected real rate of return by asset class.

| Asset Class                             | Target Asset<br>Allocation | Real Return<br>Years 1-10 | Real Return<br>Years 11-40 |
|---|----------------------------|---------------------------|----------------------------|
| Global Equity                           | 59.0 %                     | 4.80 %                    | 5.98 %                     |
| Fixed Income                            | 25.0                       | 1.10                      | 2.62                       |
| Treasury Inflation-Protected Securities | 5.0                        | 0.25                      | 1.46                       |
| Real Estate Investment Trusts           | 8.0                        | 3.50                      | 5.00                       |
| Commodities                             | 3.0                        | 1.50                      | 2.87                       |

### Source: CalPERS

Gabriel, Roeder, Smith & Company used an expected inflation rate of 1.75% for the real return rates in years 1-10 and 2.67% for the real return rates in years 11-40.

In the fiscal year 2018-19, the blended discount rates used in the actuarial assumptions changed from the prior year. Please refer to the prior year report on the State Controller's Office website.

## NOTE 6: OPEB EXPENSE, DEFERRED OUTFLOWS OF RESOURCES, AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

The table below presents deferred outflows and inflows of resources related to valuation groups as of June 30, 2019. Deferred outflows and inflows of resources are recognized for changes in assumptions and the difference between expected and actual experience. Net deferred outflows and inflows of resources are recognized for the aggregate difference (positive and negative) between projected and actual earnings on OPEB plan investments arising in different measurement periods. Deferred outflows of resources due to employer contributions made subsequent to the measurement date, and deferred outflows and inflows of resources for changes in the employers' proportionate share are not presented in the table below (amounts in thousands):

| Description                       | Service<br>Employees<br>International<br>Union (SEIU) <sup>1</sup> |           | Attorneys and<br>Hearing Officers<br>(BU2) |         | Protective<br>Services and<br>Public Safety<br>(BU7) |         | Professional<br>Engineers<br>(BU9) |         |
|-----------------------------------|--|-----------|--|---------|--|---------|------------------------------------|---------|
| Deferred Outflows of<br>Resources | \$   | 1,045,282 | \$   | 31,212  | \$   | 126,546 | \$                                 | 123,254 |
| Deferred Inflows of<br>Resources  |  | 5,060,096 |  | 170,588 |  | 458,032 |                                    | 673,372 |

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as either a debit or a (credit) in the future as follows (amounts in thousands):

| Measurement Periods | In | Service<br>Employees<br>ternational<br>hion (SEIU) <sup>1</sup> | A<br>He | ttorneys and<br>aring Officers<br>(BU2) | Protective<br>Services and<br>Public Safety<br>(BU7) | Professional<br>Engineers<br>(BU9) |

### NOTE 9: SUBSEQUENT EVENT

In response to the impact of the COVID-19 global pandemic, employee contributions to prefund retiree health benefits have been suspended effective July 1, 2020 through June 30, 2022, for five of the valuation groups and August 1, 2020 through June 30, 2021, for the Craft and Maintenance (BU12) valuation group. The State has continued to prefund its share of these valuation groups' OPEB contributions. The impact of the suspension to the net OPEB liability will be included in the actuarial valuation as of June 30, 2020.
