

California Actuarial Advisory Panel Work Plan

Pursuant to Government Code Section 7507.2(b), the Panel's responsibilities are:

1. Defining the range of actuarial model policies and best practices for public retirement plan benefits, including pensions and other postemployment benefits.
2. Developing pricing and disclosure standards for California public sector benefit improvements.
3. Developing quality control standards for California public sector actuaries.
4. Gathering model funding policies and practices.
5. Replying to policy questions from public retirement systems in California.
6. Providing comment upon request by public agencies.
