California Actuarial Advisory Panel Work Plan

Pursuant to Government Code Section 7507.2(b), the Panel's responsibilities are:

- 1. Defining the range of actuarial model policies and best practices for public retirement plan benefits, including pensions and other postemployment benefits.
- 2. Developing pricing and disclosure standards for California public sector benefit improvements.
- 3. Developing quality control standards for California public sector actuaries.
- 4. Gathering model funding policies and practices.
- 5. Replying to policy questions from public retirement systems in California.
- 6. Providing comment upon request by public agencies.
