Doug Bradley, Administrative Services/  
Finance Director  
City of Imperial Beach  
825 Imperial Beach Boulevard  
Imperial Beach, CA 91932

Dear Mr. Bradley:

The State Controller's Office performed a desk review of costs claimed by the City of Imperial Beach for the legislatively mandated Animal Adoption Program (Chapter 752, Statutes of 1998; and Chapter 313, Statutes of 2004) for the period of July 1, 2007, through June 30, 2008. We conducted our review under the authority of Government Code sections 12410, 17558.5, and 17561. We performed our review to determine whether claimed costs represented increased costs resulting from the Animal Adoption Program. We limited our review to gaining an understanding of the animal service contract the City of Imperial Beach had with the service provider, the City of Chula Vista. We determined reimbursable costs based on information provided in our audit of costs claimed by the City of Chula Vista for the Animal Adoption Program for the period of July 1, 2007, through June 30, 2008. We also shared a copy of that audit report with the City of Imperial Beach and solicited input from the city's staff.

The city claimed \$6,496 for the mandated program. Our review found that the entire amount is unallowable. The costs are unallowable because the contracting city, the City of Chula Vista, determined that all funds received from the City of Imperial Beach were for general operating expenses of the city's animal shelter rather than for its mandated costs, as described in the attached Summary of Program Costs and the Review Results.

For the fiscal year (FY) 2007-08 claim, the State made no payment to the city. Our review found that claimed costs are unallowable.

If you disagree with the review finding, you may file an Incorrect Reduction Claim (IRC) with the Commission on State Mandates (Commission). The IRC must be filed within three years following the date of this letter. You may obtain IRC information at the Commission's website at [www.csm.ca.gov/docs/IRCForm.pdf](http://www.csm.ca.gov/docs/IRCForm.pdf).

Doug Bradley, Administrative Services/  
Finance Director

## Attachment 2— Review Results July 1, 2007, through June 30, 2008

### BACKGROUND—

On January 25, 2001, the Commission on State Mandates (Commission) adopted the statement of decision for the Animal Adoption Program. The Commission determined that the test claim legislation imposes a state mandate upon local agencies reimbursable under Government Code section 17561.

The program's parameters and guidelines establish the state mandate and define the reimbursement criteria. The Commission adopted the parameters and guidelines on February 28, 2002, corrected them on March 29, 2002, and last amended them on January 26, 2006. In compliance with Government Code section 17558, the State Controller's Office (SCO) issued claiming instructions to assist local agencies in claiming mandated program reimbursable costs.

### FINDING— Unallowable Program Costs

The city claimed \$6,496 under the Animal Adoption Program during the review period. We found that the entire amount is unallowable. The costs are unallowable because the contracting city (Chula Vista) determined that all funds received from the City of Imperial Beach funded general operating expenditures of its animal shelter rather than mandate-related expenditures.

The following table summarizes the claimed, allowable, and review adjustment amounts by fiscal year:

Fiscal Year	Amount Claimed	Amount Allowable	Review Adjustment
2007-08	6,496	-	(6,496)

On March 25, 2015, the SCO issued a final report for our audit of the City of Chula Vista's claims for July 1, 2001, through June 30, 2002; and July 1, 2007, through June 30, 2009. A copy of the audit report is on the SCO's website ([www.sco.ca.gov](http://www.sco.ca.gov)) under the "State Mandate Information" quick link. During this audit, we determined that the City of Chula Vista did not report any offsetting revenues in its claim for FY 2007-08 relating to contract revenues received from the City of Imperial Beach for providing animal care services. We found that the City of Chula Vista's offsets were properly stated, and there was no audit finding relating to offsetting revenues.

The mandated cost claim filed by the City of Imperial Beach for FY 2007-08 stated that the city claimed costs pursuant to its contract with the City of Chula Vista. The city claimed contract services costs for the cost components of care and maintenance of dogs and cats, care and maintenance other animals, and feral cats based on the percentage (7%) of dogs, cats, and other animals housed in the City of Chula Vista's animal shelter that originated from the City of Imperial Beach. An external mandated-cost consultant determined the claimed amounts and prepared the Animal Adoption Program claim for the city. As a result, the City of Imperial Beach filed a FY 2007-08 Animal Adoption claim totaling \$6,496 while under contract with the City of Chula Vista for its animal care services.

The following table summarizes the total expenditures incurred by the City of Chula Vista to operate its animal shelter, the claim amounts filed for the Animal Adoption Program, and the percentage of mandate-related and general operating (non-mandate related) expenditures for the audit period, based on our audit of the city's claims.

Fiscal Year	City of Chula Vista's Total Expenditures	City of Chula Vista's Animal Adoption Costs Claimed	Mandate-Related Expenditures Allowable Based on Audit	Mandate-Related Percentage	General Operating Expenditures
2001-02	\$ 690,138	\$ 114,962	59,326	8.60%	91.40%
2007-08	1,831,049	218,348	113,697	6.21%	93.79%
2008-09	1,910,718	210,904	121,308	6.35%	93.65%
		<u>\$ 544,214</u>	<u>\$ 294,331</u>		

During our audit of the City of Chula Vista's Animal Adoption claims, we did not analyze whether any of the contract revenues received from the City of Imperial Beach funded mandated activities or funded the general operating expenditures incurred to operate the city's animal shelter. As the City of Chula Vista incurred all of the costs (both mandated and non-mandated) to operate its animal shelter, we relied on the city's determination as to whether the city's contract revenues funded a percentage of its mandated costs or a percentage of its general operating expenditures. Reimbursement for mandated costs incurred by a local agency is limited to mandated costs incurred. Either the City of Chula Vista is entitled to 100% of its mandated costs, or a portion of its reimbursements should be shared with its contracting partner. The City of Chula Vista and its contracting partner must resolve this issue.

The City of Chula Vista concluded that all funds received from its contract with the City of Imperial Beach were for the general operating expenditures of its animal shelter. Therefore, we did not report any offsetting revenues in our audit report of the City of Chula Vista's animal adoption claims. The city provided this determination to us in writing. We informed the city that, subsequent to the issuance of the city's final audit report, we would issue a letter to the City of Imperial Beach stating that their reimbursement claim filed under the Animal Adoption Program was ineligible for reimbursement and that we will be reducing the claim to \$0.

For the review period, the City of Imperial Beach claimed \$6,496 for the Animal Adoption Program. Our review found that the entire amount is unallowable. The State made no payments to the city.

We informed Doug Bradley, Administrative Services/Finance Director, of the review finding via email on May 5, 2015. Mr. Bradley did not respond to the finding.

Recommendation

The Animal Adoption Program was suspended in the FY 2010-11 through FY 2013-14 Budget Acts. If the program becomes active, we recommend that the city ensure that claimed costs include only eligible costs, are based on actual costs, and are properly supported.
